

# Equipping Our Kids to Think Biblically

## Goal

- List practical steps for equipping our kids to think biblically.

We develop patterns of \_\_\_\_\_ by \_\_\_\_\_ ourselves in that way of \_\_\_\_\_.

Step 1 – Make \_\_\_\_\_ a priority.

- Map out weekly schedule.
- What does that map reveal?
- What needs to be cut out?

Step 2 – Stop dabbling with \_\_\_\_\_ and start diving into \_\_\_\_\_.

- Typical problems:
  1. Trains our kids to take Scripture out of context.
  2. Creates dependence on the author.

Step 3 – Strive for \_\_\_\_\_.

- Teach transferrable skills.
- Raise the bar in expectations.
